Dear Jean,

Enclosed please find the documents that you loaned me. They proved very useful. Thank you very much for your help, both with the documents and the time you spent showing me the film and discussing Mineral King. All of the information was very helpful in the preparation of my term paper.

I am working for Coumcilman Mike Woo this summer. As he is your representative, you may have occasion to contact him. If you do, and if you might require some assistance, please do not hesitate to call me at 213-485-3353.

Thanks again,

Louis Blumberg
Assistant Deputy,
Planning and Environment
